

**GNB Voc-Tech Adult Education in Association with the Mass Marine Trades Association presents...**

*15 Weeks (Wednesdays 6:30 - 9:30 pm)*

**Marine Trades & Technology Basic Certificate Course**

This 45-hour Certificate is designed to provide an entry-level overview for those thinking of a career in the marine trades. This course will concentrate on entry-level skills necessary for employment in the marine industry. Upon successful completion, participants will receive an industry-recognized Massachusetts Marine Trades Association Certificate. This credential provides an excellent basis for hiring in the field.

*10-Hour OSHA Card may be available through a separate course for an additional fee.*

**Marine Trades include:** boat builders, boat and yacht repairers and restorers, boat salespeople, retail store personnel, fiberglass technicians, canvas and sails makers, marina managers, riggers, and surveyors, outboard & diesel mechanic, HVAC specialist, marine electrician & electronics/network technician.

**\*District Price: \$595 (District includes New Bedford, Dartmouth and Fairhaven)**

**\*Non-District Price: \$695**

**\* There may be money available for this class through workforce funding at no cost. Contact GNB Career Center at 508-990-4000 for more information.**
