### Honor our Unsung Heroes

The purpose of this award is to recognize those individuals who give that little bit or a lot extra which makes our school better than the rest. Following are a few thoughts on what school spirit is. Your idea might be different and just as good, so do not feel that the person you nominate must exemplify one of these definitions. You may nominate anyone - senior or staff. Please give your nomination serious thought because we are looking for very special people to award this honor to.

Again – be sure to include your written (or typed) statement about your nominee with this entry.
