October 2020

Academic Principal Report.....

English Department

During the first two cycles of the 2020-2021 school year, English teachers have been hard-at-work creating new ways to teach content to our students remotely. Teachers are working hard individually and together to create engaging and user-friendly activities for their students; they are using many platforms to deliver instruction, including using FlipGrid, Nearpod, Edpuzzle.com, Padlet and Google Meet to teach “live” lessons. The English Department has also supported many students in the transition to learning content remotely during their afternoon sessions every day.

Math Department

Congratulations to Carina Medeiros, who was hired as a full-time Mathematics Instructor. A 2008 graduate of Greater New Bedford Regional Vocational Technical High School’s - Early Childhood Education shop, Ms. Medeiros earned a B.S. in Mathematics from Bridgewater State University. In addition, Ms. Medeiros has also completed the Sheltered English Immersion Endorsement certification process.

Ms. Medeiros has proven to be a tremendous asset to the Math Department and the District over the years. Ms. Medeiros served the department with distinction as a Teaching Assistant, since August, 2017. She has also served as a valued Substitute and Summer School teacher for a number of years.

Congratulations to Shannon McGuire and Lauren Aubertine. Shannon earned her Google Certified Educator - Level 1 qualifications. The qualification was granted on September 11, 2020 for demonstrating the fundamental knowledge, skills and competencies needed to implement Google for Education tools. Lauren Aubertine has also been recognized as a Nearpod Certified Educator, as of September 22, 2020.

Shannon, Lauren, and Micaela Shea have all shared their expertise by hosting a number of Professional Development trainings to assist their district colleagues. Thank you all for your continued dedication and commitment to our students, the Math Department and the district.

Greater New Bedford Regional Vocational Technical High School is committed to ensuring equal opportunities for all students. The school does not discriminate on the basis of race, color, national origin, sex, disability, religion, sexual orientation, gender identity, age, homelessness or veteran status in its education programs and activities, including admission to or employment in such programs or activities.
