FAMILY ENGAGEMENT CENTER

The goal of the Greater New Bedford Regional Vocational Technical High School (GNBVT) Family Engagement Center is to bridge the gap between parents, our school and the surrounding community and improve relationships between home and school, which empowers families to become proactive in their children's education throughout their academic pathway on a continuous basis. These relationships develop into meaningful partnerships rooted in the strengths and assets of all to promote student success.

THE FE CENTER PROVIDES:

- An environment that is inclusive of everyone and is culturally responsive to the unique needs of our community which is composed of diverse languages, norms, and values.
- A safe space for families to have open communication with the school to address areas of opportunity and/or concerns as they arise.
- Assistance with accessing community based resources and supports with an emphasis on safety, education, social, economic, and emotional well being.
